

**WILDLIFE & ECOLOGY**

You'll find bird boxes and bat boxes carefully located across our development, as well as hedgehog highways! We'll also be planting a new native hedgerow to provide habits for dormice and enhance biodiversity.

**RIVERSIDE PARK**

We're extending the existing Riverside Park into our development with a play trail, nature information boards and wildflower meadow grassland.

**GREEN SPACES TO ENJOY**

Our first phase will also include a landscaped greenspace with seating, perfect for views of the iconic Ledbury Viaduct, as well as over 100 new trees and shrubs, including a tree lined avenue.

**NEW CONNECTIONS**

A new network of new foot / cycle links will connect your new home to the Hereford Road and Ledbury town centre within a short walk.
